

INI-TS-2000-ALLY-6T-KIT1

Trinity™ 2000 Autonomous Lightweight Lithium-ion hYbrid (ALLY™)

Deployable Power Kit

(Made in the USA, U.S. and foreign patents pending)

Features

- 1.6 kWh SAFT 6T Battery (User replaceable)
- IntelliGEN™ 2000 Auto Flex-Fuel Generator
- Autonomous Start and Stop (With fuel select capability)
- Can use multiple fuel types (JP-8/F-24, F-34 “NATO”, gasoline, propane, methanol, isopropanol)
- ALLY™ Power storage significantly reduces fuel consumption
- Silent Watch operations (1000W continuous, Surge capacity to 2000W)
- Up to 1000W of Solar Input
- Immediate functionality on startup - No waiting
- Battery charges from:
 - Flex-Fuel Generator
 - AC Generator or grid/shore power
 - 28.8V NATO
 - Portable Solar Panels
- Web based Remote monitoring capability
- Ruggedized water resistant enclosure
- Provides power anywhere, anytime

INI-TS-2000-ALLY-6T-KIT1 Includes

- 1 x IntelliGEN™ 2000 Auto Flex-Fuel Generator v3.5 (p/n INI-TS-IG2000-ICMF-A)
- 1 x Autonomous Lightweight Lithium-ion hYbrid (ALLY™) 2000/1000 Power Router (p/n INI-TS-ALLY-2000/1000-6T)
- 2 x Austere Low Profile Lightweight Expeditionary Solar (ALLIES™) 500 Kit (p/n INI-TS-ALLIES-500)
- 1 x Extended Run Fuel Tank 20L (5.2gal) (p/n INI-TS-XRT-20L)
- 1 x Universal Propane Adaptor Kit (UPAK™) (p/n INI-TS-UPAK)
